

# ZOOMTEXT VALUE SERIES HIGHLIGHTS

## ZoomText Software Suite with Large Print & Speech

ZoomText seamlessly integrates magnification and speech output into a total low vision package that gives you access to Windows® programs. First, it is a screen magnifier that includes 1x to 36x magnification, full and partial-screen zoom windows advanced edge-smoothing and color filtering. It also includes reading functions that speak all graphical interfaces, text and screen components.

ZoomText Magnifier/Screen Reader provides two ways of reading documents, web pages and e-mails. The AppReader provides continuous reading within the parent application programs. You can automatically read through the entire document or manually navigate by word, line, or sentence. The DocReader reads text from the last active application. DocReader provides continuous reading in a special environment where text is reformatted for easier viewing.

### MAGNIFIER HIGHLIGHTS

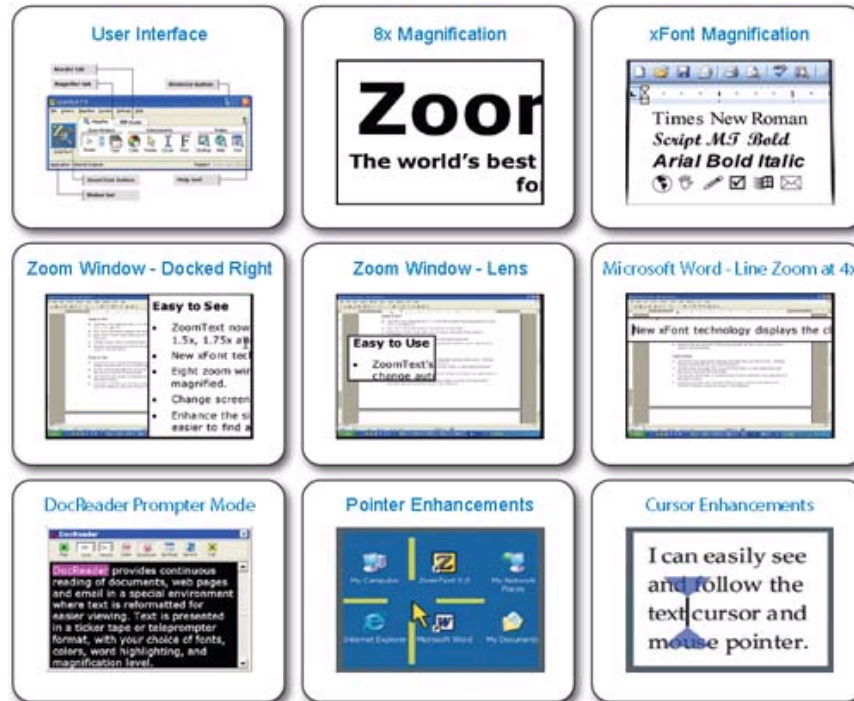

- ▶ xFont: Amazingly clear magnification of all types of text
- ▶ Magnification from 1x to 36x includes fractional powers of 1.25x, 1.5x, 1.75x, and 2.5x
- ▶ Text Finder locates, magnifies and speaks words or phrases
- ▶ Intelligent tracking keeps points of interest in view
- ▶ 7 Different zoom windows for full and partial-screen enlargement
- ▶ Color filtering for improved contrast and readability
- ▶ Pointer and cursor enhancements make finding them a snap
- ▶ Fast zoom in/out using the mouse wheel

### SCREEN READING HIGHLIGHTS

- ▶ Fully synchronized magnification and screen reading – what you see is what you hear
- ▶ Neospeech: human-sounding, easy to hear and understand built-in synthesizer
- ▶ Speaks all on-screen text, including menus, dialog boxes and controls
- ▶ Reading zones: select application-specific areas to be read and magnified
- ▶ Keyboard typing can be echoed by character and/or word
- ▶ Verbosity settings for controlling the amount of speech feedback
- ▶ Speech settings for adjusting voice, rate, pitch and volume
- ▶ AppReader-continuous reading of documents, web pages and e-mail, in the parent program
- ▶ DocReader-continuous reading of documents, web pages and e-mail using reformatted text

### ZOOMTEXT - Easy to See. Easy to Hear. Easy to Use.

See and hear what you're doing in all of your applications, and give your eyes a rest while ZoomText reads your documents, web pages and email - right through your computer's speakers. With ZoomText, your computer is easier to see, hear, and use.

The ZoomText program can be ordered from EVAS separately, or as part of a plug and play computer package.

## EVAS VALUE SERIES DEDICATED SYSTEMS

EVAS offers disability specific, computer-based solutions. Our Value Series Systems are fully integrated with application software, peripherals and assistive technology installed and configured. Value Series Systems for people with low vision, or who are blind, are based on Guide or ZoomText assistive technology software; using Dell™ OptiPlex™ Computers as the platform with 19" flat panel monitors, large print keyboards and all-in-one printers. The systems are covered by Dell's Three Year Warranty and protected by AVG Anti-Virus. EVAS Value Series Systems: Quality, Performance, Prompt Delivery, Outstanding Value, all in a total solution that runs right out of the box. Please visit [www.lowvisioncomputers.com](http://www.lowvisioncomputers.com) for more details.

## SYSTEM SPECIFICATIONS

- ▶ Complete Mini-Tower Systems or Workstations with Color Auto-Focus Electronic Magnifiers
- ▶ Choice of Guide or ZoomText Assistive Technology
- ▶ Value Series Plug & Play Systems come fully integrated and run right out of the box
- ▶ Dell OptiPlex Mini-Tower with high-performance Intel® Pentium® Dual-Core Processor
- ▶ Microsoft® Windows XP Pro NTFS
- ▶ 2GB 533MHz DDR2 RAM
- ▶ 160GB SATA Hard Drive - 16X DVD+/-RW Optical Drive
- ▶ 19" LCD Flat Panel Monitor with GMA3100 Integrated Graphics
- ▶ Integrated Audio with EVAS Multimedia Speakers
- ▶ Broadcom® 10/100 Integrated Ethernet - V.92 PCI Data/Fax Modem

- ▶ Manufactured By Dell And Integrated By EVAS In The USA

## SYSTEM HIGHLIGHTS

**Dell 19" Flat Panel Monitor** The combination of advanced LCD technology and the range of added features make the Dell 19"

Flat Panel Monitor the perfect display for any user. Dell monitors undergo exhaustive testing for performance, reliability, durability and compatibility with Dell systems.

### EVAS Large Print Keyboard

The EVAS Large Print Keyboard improves access to computers for people with Low Vision. The keyboard is easy to install under Windows XP, using its USB connector. High contrast large print keys and its standard 104 key layout make it easy to see and use.

### AVG Anti-Malware

AVG Anti-Malware offers maximum protection against viruses & spyware, product customization, free virus database updates and technical support for two years. Most importantly, the user interface is accessible to both screen readers and Large Print PC access software. AVG Anti-Malware has received numerous awards for its excellent detection of viruses and malware.

### EasyReader DTB Software

EasyReader is an advanced Digital Talking Book (DTB) software player that allows text and audio content to be experienced in a whole new way. As the audio is played, the on-screen text is highlighted and can also be accompanied by images.

EasyReader allows the user to search the contents of a DTB so important information can be found quickly and easily. EVAS Manuals & Guides are provided in DTB format on ZoomText Value Series Systems.

## EVAS VALUE SERIES 17" NOTEBOOK SYSTEMS
