

EVAS ADA WORKSTATIONS

EVAS' Workstations provide easy access to computer equipment and Access Technology for people with disabilities. Each is height adjustable for easy wheelchair access. The height adjustment is operated with either an easy to use hand-crank or an optional motorized lift controlled by the push of a button. Most are available with a comfort recess to minimize reaching distances as well as in a variety of configurations and sizes to accommodate both the technology and tasks.

EQUITY 4240

ACCELLA 6030

INFINITY 7230

EQUITY 1317

EVAS Accessible Workstations enable people of all shapes, sizes and work styles to make small but frequent adjustments throughout the day. These "micro-adjustments" have been proven to reduce fatigue and prevent overuse injuries. All EVAS Workstations exceed the requirements of the Americans with Disabilities Act (ADA) for wheelchair accessibility.
